

Steamed sweet potato

Serves 6 | Snack | Prep 10 min | Cook 25 min

INGREDIENTS

1.2 kg Sweet potatoes / enough for 25 minutes of steaming Water for steamer

METHOD

1. Scrub sweet potatoes under running water. Trim ends and cut into uniform 3 cm rounds.
2. Fill the steamer base with water below the basket and bring it to a boil.
3. Arrange pieces in the basket with small gaps; use two tiers if needed. Cover tightly.
4. Steam for 20–25 minutes. A knife should slide through the thickest piece easily; add more time for larger pieces.
5. Remove carefully, let cool for 3–5 minutes and divide into six portions of about 200 g raw-weight equivalent.

KITCHEN NOTE

Check the water level during cooking; add hot water if needed without letting the pot boil dry.

ALLERGENS

No major allergens in listed ingredients. Check every product label.

Wash produce, avoid cross-contamination, refrigerate leftovers promptly. Poultry: 165°F / 74°C; fish: 145°F / 63°C.
