

Taiwanese Oyster Omelet Style Egg Scramble

Serves 6 | Main | Prep 20 min | Cook 35 min

INGREDIENTS

600g Fresh oysters, shucked / 12 count Eggs / 60g Sweet potato starch / 150mL Water / 600 g Baby bok choy, chopped / 60 mL, divided into six portions Neutral oil / 100g Sweet chili sauce / 40g Scallions, sliced / 450 g Uncooked white rice / 600 mL Water for rice

METHOD

1. Cook the rice with its measured water according to package directions. Gently rinse oysters in cold water and pat dry; keep chilled until each batch is cooked. Mix sweet potato starch with the measured slurry water.
2. Whisk eggs in a large bowl. Stir in the starch slurry and half the scallions.
3. Heat 10mL oil in a non-stick pan over medium-high heat. Sear a portion of oysters for 1 minute.
4. Pour one-sixth of the egg mixture over the oysters. Scatter a handful of bok choy on top.
5. Cook until the eggs are mostly set but still slightly soft in the center, about 3 minutes.
6. Flip carefully and continue cooking until the egg mixture reaches 160°F / 71°C throughout, with no runny egg remaining. Check the thickest part with a food thermometer.
7. Repeat for all six portions. Keep the remaining raw oyster mixture refrigerated between batches and use a clean spatula for finished portions.
8. Serve hot with a drizzle of sweet chili sauce. Divide the cooked rice among six plates alongside the scramble.
