

Curry Fish Balls

Serves 6 | Snack | Prep 10 min | Cook 15 min

INGREDIENTS

600g Frozen fried fish balls / 15g Curry powder / 5g Turmeric powder / 200mL Coconut milk / 15mL Neutral oil / 10g Garlic, minced / 100mL Water / 2g Salt

METHOD

1. Heat oil in a wok or deep skillet over medium heat; add minced garlic and fry until fragrant.
2. Stir in curry powder and turmeric, cooking for 30 seconds to toast the spices.
3. Pour in coconut milk and water, stirring well to combine.
4. Add the frozen fish balls to the liquid and bring to a gentle simmer.
5. Cover and cook for 10-12 minutes, stirring occasionally, until the sauce thickens and coats the fish balls. Follow the fish-ball package cooking directions and verify the center reaches 165°F / 74°C, adding cooking time as needed.
6. Add the measured salt only after tasting the sauce, since packaged fish balls may already be salty.
7. Divide into six bowls and serve warm on skewers or with small forks.
